We have our Copper casting foundry non ferrous sand casting foundry in Jamnagar india where we have modern casting and CNC machining facility. We cast various British German and American standard Copper alloys and non ferrous metals. We cast Copper Bronze and Brass for various applications.

Industries served with Copper casting :

- Plumbing Fittings
- Valves and fluid power
- Electrical contacts
- Grounding Connectors grounding Clamps earthing accessories
- Bronze Casting for electrical connectors

- Water drainage fittings Pipe fittings
- Pumps and valve bodies and impellers
- Sanitary fittings
- Phosphor bronze casting for electrical applications
- Fire fighting equipments and accessories from Bronze

We are a leading manufacturer and supplier of continuous casting copper based alloys from Jamnagar india. We are a Copper foundry bronze foundry producing copper-based alloy castings through sand casting continuous and centrifugal process .We offer tubes, flat bars, plates, rings, bushes etc. We offer the following copper alloy in continuous castings of sizes ranging from 10mm to 290 mm and standard length up to 2000 mm. . Bronzes (Red and Tin bronze) : LG1, LG2, LG3, LG4, PB1, PB2, PB4. . Lead bronze : LB1, LB2 . Aluminium bronze : AB1, AB2 . High tensile brasses : HTB1, HTB3 . Special Alloys / Extra hard / Glass moulds / Silicon bronze
